PROFESSIONAL EXPERIENCE

Founder & CEO

Communic 8 PT. Mitra Mega Komunika I Jakarta, Indonesia 2014 - Now

We are a business consulting firm and creative agency specializing in branding, marketing, and digital solutions. With over 11 years of operational experience and more than two decades of combined industry expertise, we have earned the trust of both national and multinational clients across a wide range of sectors. Our client portfolio includes leading organizations such as Mercedes-Benz, KADIN, Astra Daihatsu, Daikin, Adira Finance, Orang Tua Group, LPDB, and many others.
The demand for our services continues to grow, with businesses from Thailand, Vietnam, Malaysia, Singapore, and China actively engaging our expertise. Our international clientele includes notable brands such as CooCaa TV (China), Espark (China), and Dropee (Malaysia), and is steadily expanding. Our reputation for delivering impactful results continues to attract partnership opportunities from companies across the Asia-Pacific region.

Roles :

- Building the Business from the Ground Up

Crafting strategic business plans, define measurable growth targets, build high-performing teams, design streamlined processes, develop business models, and establish key strategic partnerships.

- Managing and developing business

Optimizing operations for maximum impact, strengthen brand presence, oversee financial performance, drive sales growth, maintain strong ROI, and ensure long-term, sustainable business expansion. I shape and protect brand identity, ensure consistency across all touchpoints, and navigate challenges to preserve brand integrity—especially in times of crisis.

Heldachandra@gmail.com | Mobile : 081586009000

- Strategic Branding Advisor

I actively lead brand development initiatives for clients, crafting comprehensive strategies that align with their organizational goals. My work spans the creation and refinement of key brand elements—such as the brand name, logo, tagline, voice, tone, and visual identity—while ensuring consistency across all touchpoints.
I provide in-depth market and consumer insights to inform and shape strategic brand direction. Additionally, I offer expert guidance on brand architecture and portfolio management to ensure alignment and cohesion across multi-brand and multi-market landscapes.
Working closely with internal marketing teams, I deliver strategic advisory support to drive cross-functional collaboration—ensuring the brand strategy is seamlessly integrated across marketing, product, digital, and executive functions.
I also lead the development of brand performance measurement frameworks, aligning branding initiatives with key business objectives and evaluating their impact and effectiveness over time.

Expert Consultant in Creative Economy Marketing Strategy Development — 2025 - Now

Ministry of Creative Economy of the Republic of Indonesia. I Jakarta, Indonesia

---

The Ministry of Creative Economy of the Republic of Indonesia is a government institution, responsible for formulating and implementing policies in the creative economy sector. Its mission is to strengthen Indonesia's position as a leading economy while fostering the growth of creative industries as a new engine of national development.
I play a key role in designing and developing marketing strategies that support the growth of Indonesia's creative economy ecosystem. The main focus of this role is to connect creative economy players with local and global markets, strengthen the competitiveness of creative products, and ensure sustainability through innovation and cross-sector collaboration.

Roles :

- Strategic Marketing Advisory — Provide input, considerations, and strategic recommendations related to policy direction, marketing strategies, and the implementation of creative economy initiatives.
- Branding & Promotion Strategy Development — Contribute to the formulation of promotion strategies, branding frameworks, and creative economy campaigns at both national and international levels.
- Market Analysis & Global Opportunity Mapping — Develop market strategies and analytical insights, including export opportunity mapping and identification of global cooperation potential within the creative economy sector.
- Business Model Design Mapping — Offer technical expertise in drafting action plans, strategic roadmaps, and cross-stakeholder collaboration models to ensure effective program execution.
- Ecosystem Coordination & Stakeholder Engagement Initiative — Participate in internal and external coordination forums to strengthen collaboration and enhance the marketing ecosystem for creative economy products.

CEO

8 Vice PT. Jaya Adidaya Khatulistiwa I Jakarta, Indonesia 2022 - Now

A 8 Vice is a strategic advisory firm helping organizations achieve cross-border growth through strategic partnerships, government relations, business development, and market expansion. We connect businesses, governments, investors, and institutions to unlock opportunities across Asia, with a strong focus on Indonesia–China collaboration. By combining strategic insight with practical execution, we help organizations navigate new markets, build trusted relationships, and create long-term impact.

Our experience spans strategic advisory, partnership development, and market expansion across a wide range of cross-border initiatives involving leading technology companies and innovation ecosystems. We have supported projects related to Alibaba Group, DingTalk, Alipay, DiDi, Coolita, Skyworth, as well as Edutech initiatives, helping organizations build strategic partnerships, engage key stakeholders, enter new markets, and accelerate sustainable growth across borders.

Managing Partner 2025 - Now

Gentala Institute. I Jakarta, Indonesia

Gentala Institute is an independent think tank and international collaboration platform dedicated to strengthening diplomatic, economic, and business relations between Indonesia and China. We serve as a bridge connecting governments, businesses, academia, and strategic institutions through policy dialogue, research, executive forums, business diplomacy, and cross-cultural engagement. By fostering mutual understanding and trusted partnerships, we facilitate meaningful collaboration in trade, investment, education, technology, tourism, and the creative economy, creating opportunities that support sustainable growth and long-term bilateral cooperation between the two countries.

Roles :

- Strategic Coordination & Stakeholder Liaison — Facilitate coordination and communication between the Board and key stakeholders from government institutions, private sectors, and international organizations to ensure the smooth execution of cross-sector diplomatic initiatives.
- Program & Project Oversight — Support the Board in planning, implementing, and monitoring cultural diplomacy, educational exchanges, and economic collaboration projects in alignment with the institution's strategic objectives.
- Executive Briefing & Partnership Development — Prepare strategic analyses and executive briefings that enable informed decision-making while fostering sustainable partnerships at both institutional and cross-border levels.

Board of Commissioners Committee

PT. MRT Jakarta I Jakarta, Indonesia 2019 - 2025

An award-winning enterprise owned by the Jakarta Provincial Government, serves as the backbone of the city's mass transportation system. It plays a critical role in shaping the future of urban mobility in Jakarta through innovation, efficiency, and sustainable business practices.

Roles ::

- Driving Business Unit Performance — Oversee and actively drive the performance of various business units, particularly non-farebox revenue streams, to achieve sustainable growth and profitability. Ensure clear performance alignment with strategic objectives while fostering continuous improvement and operational efficiency.
- Sustaining Business Growth and Achievements — Maintain and strengthen existing business achievements to ensure long-term sustainability and resilience in a dynamic urban environment. Continuously identify opportunities for innovation and expansion to support future growth.
- Governance, Risk, and Compliance (GRC) Oversight — Identify, assess, and mitigate potential risks across business operations to safeguard organizational stability and reputation. Provide strategic recommendations to the Board of Commissioners to ensure governance excellence, regulatory compliance, and transparent decision-making aligned with best practices.

Non Aeronautical Business Consultant 2020 - 2021

PT. Angkasa Pura II Tbk. I Jakarta, Indonesia

One of Indonesia's State-Owned Enterprises, specializing in airport services in the western region, is focused on driving growth in its non-aeronautical businesses.

Roles :

- Strategic Advisory to the Board — Provide insights to the Board of Directors on potential business opportunities and associated risks to support informed and strategic decision-making. Deliver balanced analysis that considers both growth potential and risk mitigation at the management level.
- Business Development & Marketing Recommendations — Offer strategic recommendations related to marketing initiatives and business development activities to strengthen market positioning. Ensure that proposed strategies align with organizational goals and long-term value creation.
- Asset Marketing & Targeted Campaign Execution — Assist the team in marketing business assets to potential buyers and executing audience-specific marketing campaigns. Focus on optimizing asset value while improving market reach and engagement effectiveness.
- New Initiative & Business Model Exploration — Identify and develop new initiatives aimed at creating profitable and sustainable business models. Build trusted partnerships and ensure revenue continuity while maintaining agreed service level standards.
- Adaptive Strategy in a Post-Pandemic Landscape — Address the evolving challenges brought by the pandemic by adapting business models across sectors such as retail concessions, advertising, parking, tourism, and related services. Support the transition toward innovative formats that respond to shifting market behavior and industry trends.

Business Advisory Board 2021 - 2024

Bios 44 Group PT. Anugraha Alam Sentosa | Bandung, Indonesia

PT. Anugraha Alam Sentosa is a holding company overseeing several subsidiaries—Flona, Apartemen Ayam, Filter Nusantara, and Bios 44DC—that provide innovative solutions for Indonesian agriculture. Its business scope includes farming, agriculture, and ornamental plants, with markets ranging from local to international.

Roles:

- Business Development & Corporate Negotiation Leadership — Lead business development initiatives and conduct high-level corporate negotiations with counterparties, regulators, and strategic partners. Ensure that collaborations and agreements align with organizational objectives and deliver long-term value.
- Strategic Business Model & Partnership Advisory — Provide strategic recommendations for developing profitable business models, improving operational efficiency, and selecting sustainable business partnerships. Focus on creating scalable growth opportunities that strengthen long-term competitiveness.
- Governance, Risk, and Compliance Oversight — Oversee business operations to ensure alignment with good corporate governance principles. Actively monitor risk and compliance frameworks to safeguard business integrity and operational sustainability.

WORK EXPERIENCE

Senior Marketing Comunication Manager

Fujitsu | Jakarta, Indonesia 2011 - 2013

A Japanese air conditioner company, renowned globally for its focus on inverter technology, serves the retail market and business-to-business sectors across Indonesia.

Roles :

- Introduce Fujitsu Air Conditioners to the Indonesian market through diverse communication channels.
- Build and strengthen the Fujitsu Air Conditioner brand across various media platforms and sales points to enhance market penetration.
- Coordinate with Fujitsu's headquarters in Japan and Singapore to ensure seamless operations and alignment.

Marketing Communication Manager

E Touch Indonesia | Jakarta, Indonesia 2011

- Played a key role in strengthening the HP brand presence in Indonesia by developing strategic initiatives that enhanced competitiveness and reinforced product positioning in a highly dynamic smartphone market.
- Developed and executed integrated marketing and communication strategies for smartphone and technology products, leveraging a comprehensive mix of ATL and BTL activities to drive brand awareness and sales performance.
- Led marketing initiatives for key product categories to accelerate market penetration, working closely with sales and product teams to ensure alignment with commercial objectives.
- Collaborated with the Product Marketing team to optimize product positioning and contribute to sustainable market share growth through data-driven and insight-based strategies.

Heldachandra@gmail.com | Mobile : 081586009000

Marketing Support Section Head
Adira Finance | Jakarta, Indonesia 2008 - 2011

The No. 1 finance company in Indonesia, Adira Finance specializes in financing cars, motorcycles, and non-dealer sales. With the largest market share in its category, the company has received numerous awards in sales, business performance, and human resources development.

Roles:

- Focused on building and maintaining strong relationships with key stakeholders—particularly dealers—by implementing Dealer Retention Management strategies to ensure sales stability.
- Successfully built Adira Finance's business communication and brand presence for the Car Division, strengthening its position in the market.
- Contributed to positioning Adira Finance among the top 3 leaders in car financing sales in 2009.

Marketing Communication Supervisor
LG Electonics | Jakarta, Indonesia 2005 - 2008

- Played a key role in building the LG Air Conditioner brand in Indonesia, successfully positioning it as the market leader at the time.
- Developed and executed comprehensive marketing and communication strategies for air conditioner products in highly competitive market conditions—leveraging an integrated mix of ATL (Above the Line) and BTL (Below the Line) activities.
- Led the marketing and communication strategy for microwave and water purifier products to support their market penetration in Indonesia.
- A key achievement was collaborating with the Product Marketing Team to position LG Electronics' air conditioners as the market share leader in 2006.

Business Development Officer
Beijing Beat | Beijing, China 2004

A lifestyle magazine backed by a Chinese-French conglomerate, targeting the expatriate market as a key audience segment. I successfully approached and secured advertising clients ranging from SMEs to established corporations, spanning industries from manufacturing to cultural institutions.

Roles:

- - Successfully acquired advertising clients from diverse sectors—ranging from small and medium enterprises to well-established companies in manufacturing, arts, and culture—to participate in the magazine's media advertising initiatives.
